## Screen 1

You're almost done!

If you are happy with your choices, select the finish button. Select the back button to make changes.

Note: once you select finish, you will not be able to make further changes.

← back   finish →

Congratulations

Screen 2

To apply your preferences to any device (a computer, a tablet, a mobile phone, etc), record the following token:

# # # # # # #

Token

Note

Error message - to appear in token field in the event that a token cannot be generated for any reason:

Sorry, a token could not be generated at this time.
