# Do you need help?

Use  on your keyboard to move around the screen and

 space bar

to select

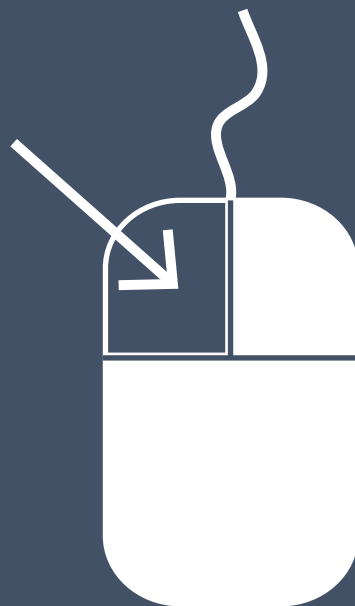

You can also use the mouse to point and select:

press to  
select

point

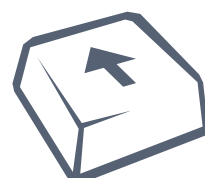

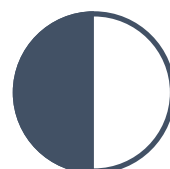

close

Adjust the text size  
until it's almost too  
small to read

I can read this

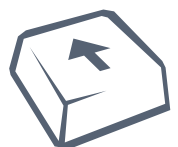

Now set the text size to where you find it most comfortable

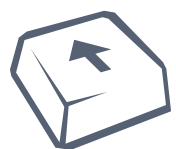

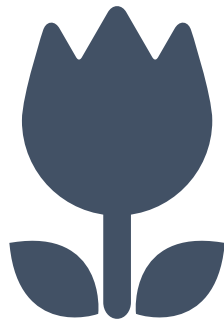

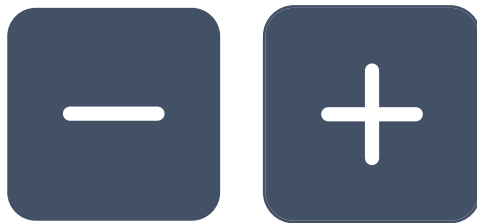

I prefer this size

# Make everything bigger or smaller

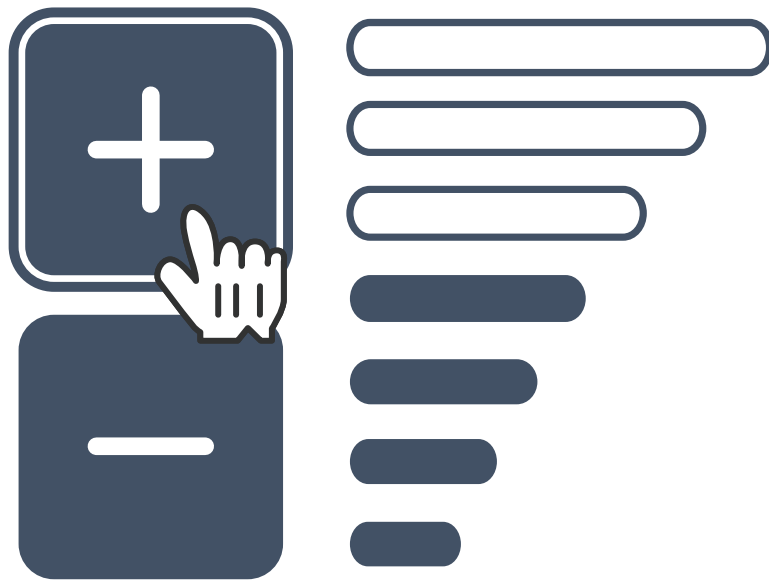

Do you want text read  
out loud to you?

**YES**  **NO**

# Make sounds louder or quieter

undo applies to current screen only  
button appears once a change is made

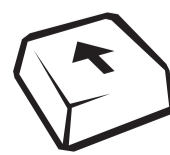

undo

You can change the color of your screen. This might help you to see it better.

undo

You can change the color of your screen. This might help you to see it better.

Do you sometimes  
press keys accidentally?  
Turning Slow Keys on  
can help.
