The StoryTelling Project

Express your learning story in your own way on the StoryTelling Project and share it with others — together our stories can contribute to the rethinking of our learning systems.

Stories connect us, help build relationships and share information that is important to learning about ourselves, people and the world around us.

This project's goal is to provide awareness through stories of current barriers, challenges, successes and exclusionary situations that we all experience in our learning journeys.

Storytelling safety & etiquette

• Avoid identifying information such as names and addresses in your story.
• Don't publish photos or video of other people without their explicit consent.
• Avoid content that threatens or intimidates any person or suggests violence, hatred or discrimination toward other people.

Add section title ?

Add summary ?

Giving each section a title helps readers and screen readers (apps that read words out loud on a computer) understnad the content of your story better. Section titles are different from your story title (you can add your story title in the next step).

Summarizing this section helps people who may not be able to read or understand the full text.

Upload Image

Add section title ?

Add caption ?

Add image description ?

Alternative text (alt text) describes the main points of an image in text format. Alt text helps communicate the meaning of an image to anyone unable to see the image. Alt text is accessible to screen readers (apps that read out words on a computer).

Upload Video

Add section title

Add caption

Create text option ?

Caption is displayed with an image, video or audio file and is usually a short sentence explaining their content.

Upload Audio

Add section title

Add caption ?

Create text option ?

A text (written) version of an audio file helps anyone unable to hear or understand the audio have better access to your story.
